Currently in the final year of a Master Degree in Interactive 3D Technology Management

I aim to become a developer in the video game industry.

## Skills

Object-oriented programming

Unit testing

SCRUM / AGILE

Deployment

Teamwork

## Languages

C++, C#, C

Java

Python

Javascript, React

HTML, CSS, SQL, PHP

## Certifications

TOEIC

Score : 925

## Softwares

Visual Studio, Suite JetBrains

Unity, Unreal Engine, Godot

Blender, Substance Painter

## Interests

Swimming

Music

Cooking

Japanese culture

## Education

ESIEA Ouest

2022-2025

Engineering Degree in Computer Science

Laval - France

Specialization: Virtual Reality and Immersive Systems

SEOULTECH

02/2023-06/2023

Semester abroad

Seoul - South Korea

IUT de Laval (Le Mans Université)

2020-2022

DUT – Computer Science Specialization

Laval - France

## Experience

Orange Innovation

03/2025-08/2025

XR Engineering Intern

Lannion - France

Final year engineering internship

Thales SIX

04/2024-08/2024

Functional Safety Engineering Intern

Laval - France

Second-year technical internship

Tasks:

- Managing the continuous development cycle of a production application
- Producing a software (Java) with functional test phases

## Projets

Greenwire

09/2024-02/2025

Final year engineering project, done in pairs, demonstrating skills acquired during the VR and Immersive Systems training

## Volunteer Work

Student Office

2020-2024

President, Treasurer, etc..

Laval - France
